## ANNOUNCEMENT

### **NCQM's BEST EDUCATIONAL QUALITY ENHANCEMENT TEAM (BEQET) PRESIDENT AWARD-2016**

We are pleased to announce the Best Educational Quality Enhancement Team (BEQET) awards by National Centre for Quality Management for Educational Institutions. This annual awards process has been introduced since 2006. The first award competition was held on January 11, 2007 and is being pursued year after year thereafter.

One of the thrust areas of NCQM has been to promote Quality Values among Educational Institutions in our country. For the past few years, NCQM's senior consultants have been successfully facilitating a number of schools, colleges and management institutes in their journey towards excellence in education.

It is heartening to note that, as an outcome of this facilitation, a large number of Quality Improvement projects have been successfully undertaken and many more are being pursued.

The improvement areas covered so far are in academics, administration, infrastructure and house keeping. All of them have been following structured quality improvement methodologies, using the powerful team approach coupled with applications of statistical process control (SPC) techniques.

With a view to enhance NCQM's involvement and encourage Quality Improvement Teams in Educational Institutions in the country, NCQM has instituted these **Best Educational Quality Enhancement Team (BEQET)** awards. First, second and third prize winners of past ten BEQET awards and title of the projects are provided in the table below :
